STOCK CONTROL

Whether you are a small retail shop with a single PC, or a larger distributor with multiple terminals, MFS² can ensure you keep your stock at optimum levels. Stock adjustments, credits and returns are recorded for monitoring, while sales history and best-buy analysis help you choose the best supplier for each product.

- Inventory management
- Stock checking
- Stock list printing
- Parts cross references
- Sales and purchase history
- Bin locations
- Stock value and adjustments
- Branch stock transfers
- Stock cleansing
- Product grouping
- Product images

PURCHASE MANAGEMENT

Stay on top of the entire purchasing process with MFS². Our automated system allows you to see exactly what stock items are low, alongside a visual sales history taking the guess work out of re-ordering. You can quickly generate purchase orders and enter purchases when goods are received ensuring stock availability.

- Automated re-ordering
- Purchase orders
- Enter and view purchases
- Branch stock transfers
- Best-buy product monitoring
- Purchase history
- Product cross references
- Bought-out purchases
- Minimum order values

ACCOUNTS AND PRICING

MFS² helps to track customer accounts with quick and easy access to all account activities. Our integrated systems allow you to instantly reconcile payments with invoices and credits, produce customer statements and monitor outstanding accounts. Simple-to-set-up pricing rules offer flexible, automated pricing for individual accounts.

- Customer account management
- List of invoices and credits
- List of receipts
- Account reconciliation
- Customer statements
- Outstanding accounts
- Trade, factor and super factor terms
- Special pricing rules
- Block price changes
- Price list printing

SALES ANALYSIS AND REPORTING

Make better business decisions with our sales reporting tools. Capture and analyse data from sales activity to keep track of gross profit and margins. Our system also allows you to monitor the performance of reps, sales staff, customers and suppliers.

- Periodic sales reports
- Customer and cash sales analysis
- Supplier analysis
- Rep and sales staff performance
- Best sellers
